# Api Exercise-Andreas Kastis-Cisco Incubator-Automation Track

I created an API to view stock info about a specific company when we give as an input the name of the company in Webex.

When entering '**Hello'** it displays the following welcoming message:

You 23:34

Hello

Welcome to **STOCK informer**!
Please enter the name of the company you would like to receive stock info

For example:

- Microsoft

If we enter **Microsoft**:

You 23:37

Microsoft

You 23:38

Microsoft – Επίσημη αρχική σελίδα
